

# The Smarties Prayer

Have someone open with *“Dear God, thank you for this time that we get to spend together. We’d like to lift each one of these people and situations up to you in prayer...”*

Then have each person pick a candy out and contribute something to your prayer.

You can also just do this on your own, praying to God either out loud or in silence.

**Red:** pray for someone you love

**Orange:** give thanks and pray for someone who has helped or cared for you

**Green:** thank God for one good thing in your life

**Yellow:** prayer for a leader or someone in charge

**Blue:** pray for someone that needs help

**Pink:** ask God to forgive you for something and help you do better

**Purple:** pray for something you are worried about

**Brown:** ask God for something you need
